

SUPPORT THE PROJECT

Hindu Devotional Collection

This website and its devotional resources are being maintained as a free, non-commercial resource. Access is not dependent upon contribution. Voluntary support simply helps meet the real technical costs of keeping the collection available, secure, backed up and usable over time.

The purpose is simple: preserve the work, keep it accessible, and keep it free.

WHAT YOUR CONTRIBUTION SUPPORTS

Website & Domain

Hosting, domain renewals, bandwidth and essential web infrastructure.

Storage & Backups

Cloud storage, redundant backups, data preservation and recovery copies.

Software & Licences

Software, licences and tools genuinely required to maintain and improve the project.

Hardware

Essential computer, storage and backup hardware, including repair, replacement or upgrades when needed.

Security & Reliability

Security, monitoring, SSL-related services and technical maintenance.

Accessibility & Improvements

Performance, usability, accessibility and future technical improvements for visitors.

WHAT DOES NOT CHANGE

Free access stays free. A contribution is never required to use the collection. Contributors and non-contributors receive the same public access. There is no paywall and no preferential access.

If contributing is not convenient, sharing the collection with family, elders, friends and others who may find it useful is equally welcome.

WAYS TO CONTRIBUTE
